

Pal International began in the late 1960s and over the last 50 years has grown to become a world leader in the design and manufacture of wet wipes and single use protective work wear. The Pal name has become known and trusted within professional wet wipes markets around the world for manufacturing **high quality**, technical products for healthcare, food and industrial environments. From our head office and manufacturing facility in Leicestershire in the **UK**, we export to markets throughout **Europe, Middle East and Asia Pacific**.

Pal MATERIALS TECHNOLOGY

Power Scrub Material For heavy duty use

Polypropylene, Scrubby side is designed to remove ingrained dirt quickly (available in blue and orange)

The Polyviscose, smooth side optimises absorbency and strength

TRITEX® TECHNOLOGY

Tritex wipe

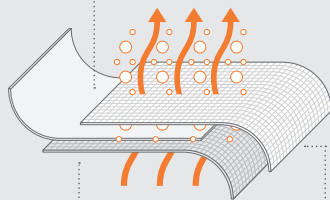

Strong
Very low linting

Non Tritex wipe

Weak
High linting

Microfibre internal structure aids in liquid absorbency and release

3 layers of tangled polypropylene for strength and liquid handling

Pores in material & the hydrophilic coating maximise absorbency

Cleaning and Disinfectant Wipes

PALTECH

ADVANCED HYGIENE + PROTECTION.
EVERYWHERE.

HYGIENEPARTNER.nl
BRILLIANT

PALTECH wipes are designed for use within industrial environments where **advanced hygiene** and fast, effective cleaning and disinfection is needed. The range includes products that are suitable for use on hard surfaces and some products that are **safe on hands** for the removal of uncured silicone, paint, grime and other tough substances.

ANTIBACTERIAL FOR HANDS AND SURFACES

PALTECH ANTIBACTERIAL WIPES

For the removal of grease and dirt from both hands and surfaces. The specially developed formula is kind on skin, containing moisturisers and vitamin E. Also contains a surfactant to help lift dirt.

— 2 litre canister
200ct | W805110PT

PALTECH ABRASIVE ANTIBACTERIAL WIPES

For the removal of dried-on grease and dirt from both hands and surfaces. The specially developed formula is kind on skin, containing moisturisers and vitamin E, and works in coalition with our power wipe technology to aid in the removal of dirt.

— 2 litre canister
75ct | W800230PT

— 3 litre bucket
150ct | W801230PT

ANTIBACTERIAL FOR SURFACES

PALTECH MULTI SURFACE WIPES

Small & compact for easy storage and for less heavy duty cleaning of office equipment such as VDU's & telephones and PPE such as face masks.

— 1/2 litre canister
100ct | W840110PT

CLEANING SURFACES

PALTECH CLEANING & DEGREASING WIPES

Designed to remove grease and dirt from a wide range of surfaces. This product contains an innovative solution with a high solvency power making it highly effective against hydrocarbons, oils, paints etc.

— Flow wrap
200ct | W830110PT

— 3 litre bucket
200ct | W830110PT

PALTECH DRY CLOTHS

PALTECH DRY CLOTHS

PALTECH Dry Cloths have been specially designed for dry wiping of hard surfaces within industrial service and manufacturing environments. The fibre composition allows the wipes to be highly absorbent whilst maintaining multi-directional strength.
